What's that on your napkin?

You may be wondering: what's actually on your napkin? It's not just an ordinary drawing, but the very first restaurant sketch ever made by Hajé de Jager. He created it during a cozy dinner with his wife Feikje and two friends. At the table, the conversation turned to a long-cherished dream shared by the couple.

That dream became reality in 1986, when Hajé and Feikje opened the doors of their very first restaurant: Hajé De Lepelaar. The sketch on the napkin became the foundation for what would later grow into a wonderful company!
